Halal Suitability

## HALAL SUITABILITY STATEMENT

**PureAcacia Organic Coconut MCT Oil Powder contains only plant-derived raw materials: organic fractionated coconut oil (Cocos nucifera endosperm, sourced from the Philippines and India), organic gum acacia (Acacia senegal / Acacia seyal tree exudate, sourced from the Sahel region of Africa), and silicon dioxide flow aid. All raw materials are Halal-suitable in their source form.**

**The product contains no alcohol, no animal-derived components, no animal-derived processing aids, and no inputs prohibited under common Halal standards. P.A.T. Products previously held formal Halal certification for this product line and can renew certification on request; an active Halal certificate is not currently maintained because of low historical customer demand. This statement may be relied upon for plant-source verification of the raw materials.**
